

## **Javelina Software Earns Certified Partner Status In Microsoft Partner Program**

**(Edgewater, MD July 20, 2004)** — Javelina Software today announced it has earned certified status in Microsoft Corp.'s Partner Program recognizing Javelina Software's expertise and total impact in the technology marketplace. As a Certified Partner, Javelina Software has demonstrated expertise with Microsoft technologies and proven ability to meet customer needs. Microsoft Certified Partners receive a rich set of benefits including access, training, and support, that give them a competitive advantage in the marketplace.

Javelina Software delivers tools that expedite the management of Microsoft Active Directory. First released in September, 2002, ADvantage is now an award-winning product that ensures efficient completion of tasks central to the administration of Active Directory® (AD). ADvantage has recently passed testing requirements by Microsoft and is now a *Verified for XP* product. Javelina Software's Migration Toolbox, the leading solution used by Banyan Vines customers who are migrating to Active Directory, shipped in 1999 and seamlessly migrates users, groups, and mailboxes. Migration Toolbox has since facilitated the rollouts of Active Directory implementations all over the world. And, Javelina Software's founding product, HappyMail®, is an e-mail client for Banyan Vines networks. Javelina Software now provides companies a smooth transition to and efficient administration of their Windows networks.

"Only companies that have demonstrated high levels of customer service, proved their experience and attained advanced certification receive the designation of Microsoft Certified Partner," said Allison Watson, vice president of the Worldwide Partner Sales and Marketing Group at Microsoft. "Today, Microsoft recognizes Javelina Software for its skills and expertise in providing customer satisfaction with Microsoft products and technology."

"We are extremely pleased to have earned certified status in the Microsoft Partner Program. The certified status allows us to clearly promote our expertise and relationship with Microsoft to our customers," said David Ritchie, President. "The benefits provided through our certified membership will allow us to continue to enhance the offerings that we provide for customers."

The Microsoft Partner Program was launched in December 2003 and represents Microsoft's ongoing commitment to the success of partners worldwide. The Microsoft Partner Program offers a single, integrated partnering framework that recognizes partner expertise, rewards the total impact that partners have in the technology marketplace, and delivers more value to help partners' businesses be successful.

Javelina Software was founded in 1998 and is a privately held company located in Edgewater, MD. Javelina Software strives to deliver best of breed management tools to companies who have implemented Active Directory. With our software solutions, we help drive down the costs of managing enterprise directories.
